

Instructions for applying to the iCRAG-GSI Environmental Geosciences Postgraduate Programme

Applications must be submitted via the online application portal before the deadline of **12pm, Thursday, 29th March 2018**. If you have any queries, please email: phd.call@icrag-centre.org

Online application portal

The application portal is available at this link: [Environmental Geosciences Postgraduate Programme 2018](#). It allows researchers to submit their applications to iCRAG via the internet with the help of a web browser, which looks like this:

iCRAG-GSI Environmental Geosciences PG Call

Environmental Geosciences Postgraduate Programme application form

Name

First Last

Email * Rectangular Snip

Position *

Department *

Research-Performing Organisation *

Please select the gender you identify with *

Female
 Male
 Other

Please specify your graduation date.
(Note: as per the call document, applicants must hold a doctoral degree awarded no later than 31st August 2015) *

/ / 
MM DD YYYY

Proposal Details

Select Research Theme *

Climate Action
 Climate Change
 Geoscience and Health
 Soils
 Water and Marine

If you wish to apply under GSI funding, please select one of the themes of specific interest to GSI

N.B. Applicants are advised not to fill in their details until they are ready to upload their completed application form and budget table, as there is no 'save draft' facility. The fully-completed application can be submitted by the applicant. Submitted applications can no longer be changed and can only be submitted once.

Essentially you are completing the application form as normal, but instead of submitting a hard copy, you will upload a copy of the application in PDF format via an online application portal.

Please note that you are restricted to one entry in the online system.

Preparing an application

The application consists of three parts:

- An information sheet, to be filled out directly in the online submission system. The information is a replicate of the information in sections 1-3 and 5 of the application form. Its purpose is for ease of processing and completing the eligibility check;
- Your application form, to be uploaded to the online submission system (one PDF file). The following naming convention must be used: Surname, name_research theme
- After the submission, you will receive an email to confirm receipt of the application.

How to create a single PDF file for the application?

You can create PDF-files using Pdf995, Ghostscript&GSview or Adobe Acrobat. Pdf995 and Ghostscript&GSview can be obtained free via the Internet; Adobe Acrobat is a commercial product. If you are in any doubt, we recommend that you contact your IT department.
